

AMENDMENTS TO THE CLAIMS:

Kindly amend claims 4, 20-22, 27, 32, and 40-42, as shown below.

This listing of claims will replace all prior versions and listings of claims in the Application:

Claim 1 (previously presented): A bed cushion for supporting a person in a sitting position on an upper surface of a bed, comprising:

a back portion comprising a contoured forward surface and a generally planar rear surface, the surfaces separated by a padded interior;

at least one massage motor carried by the back portion;

a pair of padded armrests coupled to the back portion; and

a light source for providing light for a user, the light source mounted to the back portion by an arm, wherein the back portion and the armrests have lower surfaces for resting on the upper surface of the bed.

Claim 2 (previously presented): The bed cushion of claim 1, wherein the arm is flexible.

Claim 3 (previously presented): The bed cushion of claim 2, further comprising a handle coupled to the flexible arm to allow a user to adjust the position of the light source.

Claim 4 (currently amended): The bed cushion of claim 1, wherein the cushion has a mass located between the massage motor and a location on the back portion where the light source is mounted and is formed of materials which provide vibration attenuation and isolation to protect filaments in the light source.

Claim 5 (previously present d): The bed cushion of claim 1, further comprising a control panel for altering the on/off status of the light source.
